Why Security+Plus?

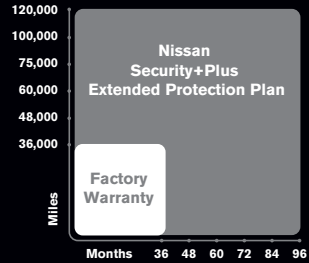

We have been in business since 1988 providing superior protection for our customers by paying for covered repairs on new and pre-owned vehicles due to mechanical breakdowns. And, unlike other service contract providers, Security+Plus is exclusively designed for Nissan owners and is backed by Nissan. We know that your customer service experience plays a big role in your decision to repurchase another Nissan when the time comes.

How am I protected?

Security from having to pay out-of-pocket for covered component repairs.* While the buying decision to replace a vehicle is measured in weeks or months, vehicle ownership is measured in years. The average age of cars and light trucks currently in operation in the U.S. has increased to 10.8 years.** Security+Plus was designed to deliver you cost effective peace-of-mind protection against inflation and mechanical breakdown after the factory new vehicle basic limited warranty (3 years/36,000 miles) expires.
